

there collecting taxes. So it is already happening that we are involved in tax collecting.

I think that is the wrong way to go, and certainly we should be considering slashing these funds. I would have liked to have seen the removal of all the funds for peacekeeping missions. There is no national sovereignty reasons why we should put American troops under U.N. command in areas like Bosnia. I think that is the wrong way to go, I do not think the American people support this, and that we should reconsider our position and our relationship in the United Nations.

There are hundreds of millions of dollars here for population control around the world. Some would say, well, as long as we write some little sentence in here and say "please do not use any of the money for abortion," that will alleviate their conscience about sending tax dollars over to do abortions in places like China and other places in the world. Well, that does not work, because all funds are fungible. Funds can be shifted around. If we send the money, it can be used. If we specifically say "do not use them," they can just shift the funds around, so I see that as not being a very good idea.

I would like to strike all the funds for population control. If we feel compelled to help other countries and teach them about birth control, it should be done voluntarily and through missionary work or some other way, but not to tax the American people and force them to subsidize events like abortion.
